AUGUST GENERAL MEETING...

For the first time this year there was a quorum of members present at the August meeting. Through an informal discussion the members present voiced likes and dislikes of the club in general. Most favored an expanded race schedule for the up coming year, possibly going back to races held twice a month.

Activities suggested were:

- Fun races (Bottle, Long distance, Gate)
- these to be held separate from scheduled race days.
- Picnics after races
- Moonlight sails
- Wine & cheese parties
- Sailaways

There was also an interest voiced in helping with education programs, such as sailing classes.

One thing this club could benefit from is newspaper publicity. If any member would like to take on this responsibility just speak up. It doesn't take much time to write up something or just call it in.

PUBLIC NOTICE...

Doug has notified TSC that all boats left at the point un-attended will be impounded. Don't take chances, if you have a boat at the point make some arrangement to have it moved and stored elsewhere.

THANKS A MILLION...

The club extends its thanks to all those hard working members who showed up Sat. Aug. 24th to pull weeds, mow grass, clean the shed and repair and move the old dock. To those who had already painted the shed and boat we also say thanks. I heard several people comment it was a fun afternoon.

SEPTEMBER MEETING...
